Medicare Shared Savings Program Accountable Care Organizations

Working together to give you the best care.

Your doctor

is part of an Accountable Care Organization (ACO). We've teamed up with other doctors, hospitals, and health care providers to make sure you get the best care.

We provide coordinated care for you to get well & stay well

- You get patient-centered care focused on YOUR needs.
- Your health care providers can see the same test results, treatments, and prescriptions.
- More coordination helps prevent medical errors and drug interactions.
- You may save time, money, and frustration by avoiding repeated tests and appointments.
- Better communication can help protect against Medicare fraud and waste.

Get the most from your care with our communication & support

- Ask about signing up for our secure online portal. You'll get 24-hour access to your personal health information, including lab results and communication from your health care provider.
- When you choose a health care provider that participates in an ACO, they'll help you get the right care at the right time. You can visit Medicare.gov and log into (or create) your secure Medicare account to choose a primary care doctor.
- Medicare protects the privacy of your health information. If you don't want Medicare to share information with your health care providers for care coordination, call 1-800-MEDICARE (1-800-633-4227). Medicare may still share general information to measure provider quality. For more information on how Medicare may use and give out your information, visit Medicare.gov and search for "privacy."

Want more information?

Ask our front desk, or call us at (714) 898-0612. You can also visit Medicare.gov or call 1-800-MEDICARE (1-800-633-4227). TTY users can call 1-877-486-2048. To report a Medicare-related concern or complaint, call 1-800-MEDICARE (1-800-633-4227).

Chương Trình Tiết Kiệm Tránh Phí Phạm của Medicare Tổ Chức Điều Hợp Y Tế ACO Cùng hợp tác để mang đến cho bạn sự chăm sóc tốt nhất.

Bác sĩ của quý vị

là một phần của tổ chức điều hợp y tế ACO. Chúng tôi cộng tác với các bác sĩ, bệnh viện và những cơ quan cung cấp dịch vụ y tế để đảm bảo sức khỏe của quý vị được chăm sóc hoàn hảo nhất.

Chúng tôi điều hợp mọi dịch vụ y tế để quý vị được luôn luôn mạnh khỏe

- Chú tâm đến những nhu cầu y tế của quý vị.
- Bác sĩ và các chuyển viên y tế có thể cùng xem xét kết quả các thử nghiệm, các phương cách điều tri và các thuốc men quý vi đang dùng.
- Do đó, tránh được những sai sót y tế và tương tác thuốc men.
- Tiết kiệm được thời giờ, tiền bạc và tránh bực bội cho quý vị vì không phải lấy hẹn để đi thử nghiệm lai nữa.
- Phối hợp chặt chế giúp chống lại những gian lận và phí phạm cho Medicare.

Chúng tôi sẵn sàng liên lạc và tận tình giúp quý vị

- Quý vị có thể vào trang trực tuyến 24/24 giờ để theo dõi tình trạng sức khỏe của mình, và xem các kết quả thử nghiệm cùng những lời khuyên từ bác sĩ gia đình.
- Nếu chọn bác sĩ gia đình trong ACO, quý vị sẽ được chữa trị kịp thời và đúng lúc. Quý vị có thể vào trang Medicare.com để chọn bác sĩ gia đình.
- Medicare sẽ bảo vệ và giữ kín thông tin về tình trạng sức khỏe của quý vị. Nếu quý vị không muốn Medicare chia xẻ những thông tin này cho các bác sĩ khác trong việc phối hợp điều trị thì xin quý vị gọi 1-800-Medicare (1-800-633-4227). Tuy nhiên, Medicare vẫn có thể chia sẻ những thông tin chung để đảm bảo cho sự chữa trị được hoàn hảo.

Nếu quý vị cần biết gì thêm, xin:

Hãy hỏi văn phòngcủa chúng tôi, hoặc gọi cho chúng tôi tại (714) 898-0612.

Quý vị cũng có thể truy cập vào trang Medicare.gov hoặc gọi 1-800-MEDICARE (1-800-633-4227). Thành viên sử dụng máy TTY có thể gọi số 1-877-486-2048.

Annual Wellness Visit (AWV)	10 Quality Measures	2 or More
For the ACO to more effectively manage the patients' health, providers must complete the Annual Wellness Visit (AWV) to reevaluate the patients' overall health condition.	AWV addresses the 10 quality measures that CMS required us to report.	Completed AWV with 2 or more diagnosed chronic conditions will qualify the patients to be eligible for CCM services

Please code appropriately!

G0402 = WELCOME TO MEDICARE VISIT / IPPE (Initial Preventive Physical Examination)

This visit is offered to patients within 12 months after enrolling in Medicare. They can only receive this benefit once. The reimbursement is around \$168.

G0438 = INITIAL ANNUAL WELLNESS VISIT

This visit is offered to patients only once in their lifetime. They are **eligible within**11 calendar months after their IPPE. The reimbursement is around \$173.

G0439 = SUBSEQUENT WELLNESS VISIT

Patients are eligible for this benefit every year after their Initial Annual Wellness Visit. The reimbursement is around \$117.

Cooperation from Providers

Patient's Phone Numbers

FCACO will send an updated list of your attributed ACO patients quarterly.

Please fill out the missing contact numbers and return to us.

AWV

Schedule an AWV for the attributed patients on your list.

If the patients had done it last year, please wait a full year since the last AWV

date. If done earlier,

CMS would consider that as billing the same service twice in 1 year. Please don't neglect the HCC codes for the diagnosed conditions, and CPT codes to satisfy quality measures

requirements.

Quality Measure Chase List

FCACO will provide a list of patients (likely in January) to complete the QM CMS Web interface. Please update your records and share the list with us.

Choose Your Primary Clinician on Medicare.gov

Why choose your primary clinician on Medicare.gov?

Your primary clinician can best help you make healthcare decisions, which can improve how you manage your healthcare.

Your primary clinician is a healthcare professional—a doctor, physician assistant, nurse practitioner, or certified nurse specialist—who is responsible for coordinating your overall care, no matter where you choose to get healthcare services.

When you choose a primary clinician that participates in an Accountable Care Organization (ACO) or other Medicare alternative payment model, they get access to tools and services to better coordinate your care.

Things to Think About When Choosing Your Primary Clinician

Find and compare healthcare providers at https://www.medicare.gov/care-compare

Choose A Provider of Any Specialty

Maintain Flexibility

Change Anytime

You can choose a healthcare professional in any specialty as your primary clinician, like your primary care doctor, allergist, immunologist, nurse practitioner, physician assistant, etc.

You can still go to any healthcare professional who accepts Medicare, even after you choose a primary clinician.

You can choose a different healthcare professional as your primary clinician at any time. Your primary clinician won't change unless you make a change on Medicare.gov.

Your Secure Medicare Account

Your Medicare account gives you personalized information about your Medicare benefits and services at any time.

Need help choosing your primary clinician on Medicare.gov? Call 1-800-MEDICARE (TTY users should call 1-877-486-2048) or visit https://go.cms.gov/3h2KHWI. If you don't have internet access, we encourage you to work with family or friends, or check with your local State Health Insurance Assistance Program (SHIP) office, library, place of worship, or community center for help.

Future of Quality Reporting by CMS

eCQM

For PY2025, CMS mandated that

all quality
reporting be
completed
through electronic
Clinical Quality
Measure (eCQM).

cms will close the option of reporting through web Interface and reject all manual input of data.

EHR

It is very important that all providers start implementing **EHR**

now in their practice if still documenting on paper charts.

FCACO will pay for the first-year cost of subscription to Office Ally.

Reporting will be an on-going process throughout the year until the gap-in-care is closed for all your attributed patients

Quality Reporting

Reporting will be completed automatically at the providers offices, as opposed to the ACO collecting and reporting on your

behalf.

FCACO team will help guide you through this process in due time.
